harpin AI

Maximize Your Salesforce ROI with High-Quality Customer Data

Get the Most Out of Your Salesforce Investment

Is your Salesforce investment held back by:

Fragmented and Inaccurate Customer Data?

Scattered and unreliable data shouldn't prevent you from seeing a clear and consistent view of your customers.

Data Migration Headaches?

Moving to Salesforce shouldn't be a struggle.

Privacy Compliance Complexities?

Keeping compliant shouldn't slow you down.

harpin AI can help! Our suite of data quality solutions tailored for Salesforce empowers you to maximize your CRM system's potential.

Benefits for Every Leader:

Data Teams

Ensure the accuracy, accessibility, and compliance of your customer data, especially PII (Personally Identifiable Information).

Privacy/IT Teams

Simplify compliance efforts and safeguard data integrity.

Customer-Facing Team

Drive revenue growth, reduce costs, and deliver exceptional customer experiences with clean, actionable data.

Tailored Solutions for Your Enterprise Needs

harpin AI provides a comprehensive suite of products and services designed to address your data quality challenges:

harpin AI Suite

Boost accuracy and compliance with AI-powered proactive problem detection, identity validation, unmatched precision, insights, and privacy-first design.

Expert Services Team

Optimize your enterprise identity strategy with expert guidance on efficient data migration to Salesforce, system integration, technical architecture evaluation, and data integrity assurance.

Flexible Pricing

Choose the pricing model that fits your needs (SaaS or project-based).
